

# Designer Series

## Sourcing the finest materials.

Boasting an unrivaled mix of quality and ‘soft luxe’ interior design principles, the Design Series has proven extremely popular with the discerning clientele. Beautifully appointed with all the mod cons including an ATRV K3600 air conditioner, 160 Watt solar controllers, a top spec entertainment unit and bathroom and kitchen fittings more commonly associated with boutique apartments, we have little doubt that you’ll be turning a few heads when you pull up before inviting the neighbours in for a cuppa.

Engineering and designed using premium quality plating and stone guards in all the vulnerable places, this versatile and well-equipped caravan is the latest in our range that promises expansive style options and superior road handling dynamics.

**The Designer Series. Luxury without the pretense.**
