PD Series

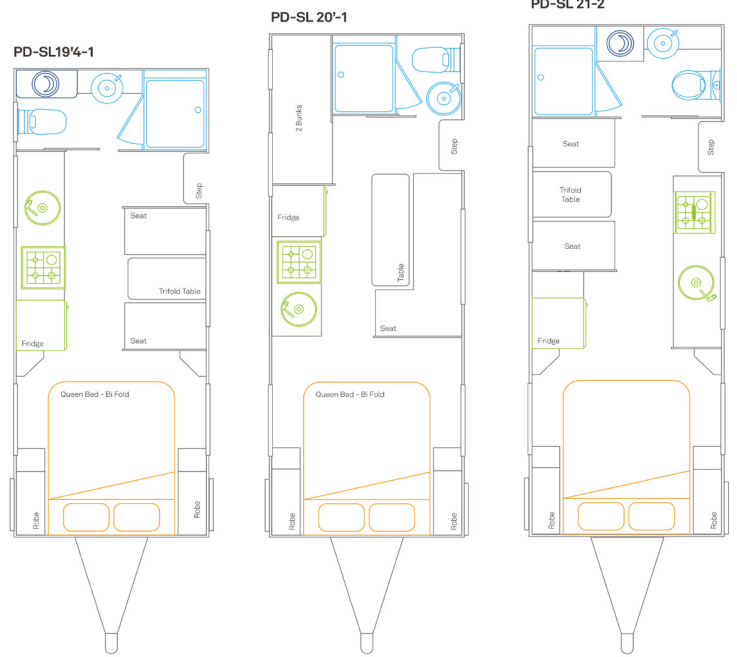

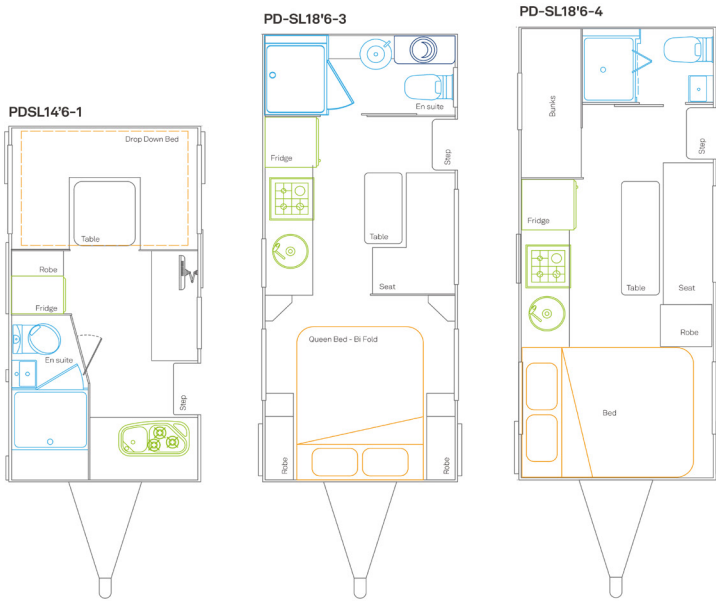

A league of it's own.

A caravan designed to offer all the creature comforts of home, The PD Series comes standard with double glazed standard windows, stylish LED lighting throughout and checker plate protection for that extra piece of mind. Looking beyond the quality of the interior fit out reveals a huge amount of storage capacity while the interior decor options available have been specifically chosen to enhance the 'luxe' feel you may come to expect with a caravan costing a great deal more. All kitchen and bathroom appliances have been hand picked to add a touch of class for that well deserved lifestyle while touring.

Engineering and designed with purpose, the PD Series has been constructed using premium quality and sustainable materials to help ensure all the things we love about the great outdoors continue to be available for generations to come.

The PD Series. Versatility has never looked so good.
